

Premium CBD Oil

Peppermint-Flavored

FULL SPECTRUM, 3500 MG

Quickly and safely experience the natural health benefits of CBD with just a few drops! B-Epic Premium CBD Oil Full Spectrum 3500 mg daily tincture contains the highest available level of hemp extract, is made from USA organically grown hemp, and features a proprietary micelle nano water-soluble technology for increased bioavailability and rapid absorption by the body.

Our full spectrum hemp oil extract (116 mg CBD per serving) is 99.9% pure and contains a full cannabinoid profile comprised of various beneficial compounds, including phyto-cannabinoids (CBD, CBG, CBDV), terpenes, flavonoids, and essential fatty acids – making it one of the most robust profiles on the market today.

To ensure superior quality, purity, and potency, we source the highest quality raw materials for our CBD products and use industrial hemp plants grown organically on American farms using sustainable methods. For our full spectrum CBD oil, we utilize a low temperature extraction method that allows us to capture additional, beneficial cannabinoids and create a pure product free of harmful fillers and solvents. In addition, every batch is sent out for 3rd party testing before we pick, pack, and ship the product to the customer.
