

Nano CBD Roll-On

USA Organic Hemp, THC-Free

PURE, SAFE CBD TOPICAL 2400 MG

Experience the natural health benefits of CBD! B-Epic's Nano CBD Roll-On 2400 mg was designed to provide temporary relief for muscle, joint, and back ache and discomfort. This powerful, proprietary formula is powered by micelle, Nano CBD. In addition, it provides the wholesome benefits of premium hemp derived plant terpenes and scientifically proven analgesic ingredients. What's more, it is third party, double tested to for purity and potency.

Our premium CBD topical roll-on is made with organic USA grown hemp plants and verified by two laboratories to ensure purity and potency – first the raw material and second the finished product. All products have a QR code that is scannable and takes you to the third-party lab's certificate of analysis (CoA) showing concentration levels of CBD, heavy metals, pesticides, cannabinoids, and – most importantly – zero THC.

In addition, B-Epic's Nano CBD Roll-On is made with proprietary HydroPure, a micelle nano water-soluble CBD technology designed for quicker, advanced absorption and efficacy. This medical micelle technology may deliver faster, better absorption – increasing the bioavailability in the body. Micelle technology pre-digests cannabinoids so they and other nutrients pass through the digestive barrier. As a result, more than 90% of the nutrient is delivered directly to the blood stream within minutes.

Experience CBD's Natural Benefits!
